

# Ben Franklin Crafts – Monogram Fabric Letter Project!

[www.benfranklinonline.com](http://www.benfranklinonline.com)

[www.facebook.com/benfranklinkingsport](http://www.facebook.com/benfranklinkingsport)

## Supplies

-3 pieces of fabric ¼ yard each

-1 wooden letter your choice

-Rhinestones

-2 colors of grosgrain ribbon 2 yards each

-Mod Podge® Fabric

-Mod Podge® Gloss

-Sponge Brush

-Hot glue gun

-2 Colors of your choice of lace (enough to wrap the entire outside of whatever letter you choose)

## Instructions

1. Cut fabric in small pieces around 3" x 3" but the size and shape is up to you
2. Apply Mod Podge® Fabric to the wooden letter with the sponge brush. Just a little larger area than your piece of fabric.
3. Attach your fabric to the wooden letter and go over the top with the Mod Podge® Fabric again. Make sure not to leave any wrinkles.
4. Repeat steps 2 and 3 until the entire surface of the letter is covered.
5. Go over the entire surface of the letter with the Mod Podge® Gloss to give it a nice luster.
6. When that is dry, use the hot glue gun to attach the lace to the back of the letter.
7. Hot glue the rhinestones to the surface and any bows you may want. Also attach the Ribbon to the back to make a hanger.
