

# Nativity Lighted Craft Blocks

## Instructions:

1. On the 3 large blocks, attach your decal, making sure that you have the hole for the craft block at the top. Hot glue burlap to back and trim to fit.
2. Paint your animals white. After drying, spray with spray adhesive and sprinkle with glitter. Hot glue to bottom of center craft block.
3. Cut apart the excelsior and place in the bottom of each of the large blocks to look like hay.
4. Cut apart the cedar bush, and place into 2 of the 3 large blocks. Make sure to leave some for your topper. Cut apart the white glitter pick and put into the other large block.
5. Insert brown wire lights into the 2 large blocks with cedar inside and the white wire lights in the block with the white spray. Attach the 2.5in burlap ribbon around sides of all blocks with hot glue. Then, attach bow made with the 1.5in burlap ribbon and remaining pieces of cedar to the top of each of the side blocks(also with hot glue).

## Supplies:

- 3 Large Craft Blocks (110414)
- 1 Long Craft Block (110424)

6. For the top of the center block, tie together a bow of the 1.5in burlap and the burgundy ribbon and hot glue to top. Use glue to insert cedar into bow and attach star to the top.
7. Set the white spray (nativity scene) block on top of the long block and either attach or place the Silent Night sign in front of it. Arrange the 3 blocks to your liking.

Enjoy!!☺
