

Patriotic Burlap Wreath

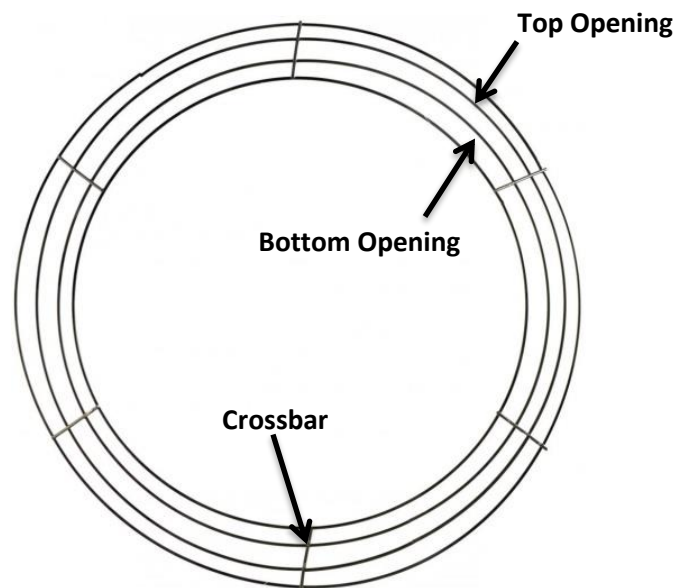

You'll Need:

- 1ea – 18" Wire Wreath Form
- 1 roll – 6" White Burlap
- 1 roll – 6" Red Burlap
- 1 roll – 6" Blue Burlap
- 1ea – Sign

Directions:

1. Unroll part of the 6" blue burlap. Pull one side of the burlap through the first opening from the outside, so your burlap should be surrounding the outer ring. Pull the burlap all the way around the ring, pulling tight. You're going to have to hot glue the burlap together, as the burlap on the outside is going to want to fall backwards behind the wreath form.
2. Complete step 1 for the white burlap, but pull the burlap around the second ring from the outside. Also, you won't have to use any hot glue for this burlap.
3. Complete step 2 for the red burlap, but pull the burlap around the third ring from the outside.

4. Using some of your leftover burlap, tie a bow and glue it onto your wreath. Tie your sign in and you're done! 😊
